IRRIGATION

YOU GOTTA LOVE THE WRAP AROUND PORCH!!! This dramatic home in Hanover's newest conservation neighborhood, Lindsay Meadows, (The Wright) is a Craftsman home with all of the traditional craftsman detailing. Special features to note include: the staircase that climbs 3 stories, the large kitchen and the office/study off of the rear entry butlers hallway, a rear entry area with service for the laundry, cubbies for the kids and access to the play room over the garage with in calling distance of the kitchen. Young families that might otherwise look for an attic play area for the kids would be drawn to this plan. The plan can be a small as 3500 SF and is expandable to several thousand by finishing the basement and attic levels. This home can be built to your specification on any of these large conservation lots - call us for details..
